IB Docket No. 99-81; ET Docket No. 95-18

Dear Ms. Salas:

On January 10, 2002, on behalf of ICO Global Communications (Holdings) Ltd., Gerry Salemme, Suzanne Hutchings, and the undersigned met with Bryan Tramont, senior legal advisor to Commissioner Kathleen Q. Abernathy. During the course of the meeting, ICO briefed Mr. Tramont on the existing record in the above-captioned proceedings, focusing on interference issues raised by some commenters, "gating" factors for the proposed ancillary terrestrial component for mobile satellite service providers ("MSS") and the circumstances under which 2 GHz MSS providers can aggregate spectrum. ICO also provided Mr. Tramont with a copy of an ex parte presentation previously filed by ICO with the Commission on December 20, 2001.

In accordance with section 1.1206(b) of the Commission's rules, I am submitting an electronic copy of this letter. If you have any questions concerning this matter, please do not hesitate to contact me.

Very truly yours,

/s/ Cheryl A. Tritt
